

# Easy Estimating

**Food:** any small snack

Use the snack provided to complete the following information.

The item I am estimating is \_\_\_\_\_.

My first estimate is \_\_\_\_\_.

I know that there are \_\_\_\_\_ items in each cup.

My second estimate is \_\_\_\_\_.

I know there are \_\_\_\_\_ cups of items in the container.

My third estimate is \_\_\_\_\_.

Explain or show why you think your third estimate is correct.

My teacher told me there are approximately \_\_\_\_\_ items in the container.

On the back of this paper, draw a picture to show how close your original estimate was to the actual number.
