

# Make a Peace Windsock

Design and create a windsock to symbolize your feelings about peace. When you have completed it, hang your windsock in the classroom or at home.

## Materials:

- red and white crepe paper streamers
- blue construction paper, 9 x 18 inches (23 x 46 cm)
- glue, stapler, scissors, tape
- white chalk or silver glitter
- yarn or string

## Directions:

1. Think about what pictures symbolize peace for you. Use white chalk or glue and glitter to make these pictures on the blue paper.
2. Form the blue construction paper into a cylinder.
3. Glue the shorter side closed. Staple it to make sure it doesn't come undone.
4. Attach red and white streamers to one end with glue.
5. Cut three 12-inch (30.5 cm) lengths of string. Tape them to the top of the blue cylinder, about six inches (15 cm) apart.
6. Knot the three strings together to make a hanger.
